

Christ Church C of E Sports Premium Funding 2015-16

At Christ Church C of E School we believe PE & Sport play an important role in making our vision statement a reality for every pupil, with the potential to change young people's lives for the better. Through PE & Sport our children learn to develop the important qualities and values of perseverance, courage, resilience, communication, team work, and ambition, leading to improved concentration, attitude, and academic achievement.

We welcomed the Government's announcement in June 2013 to provide additional funding for two years to improve provision of physical education (PE) and sport in primary schools and this has now been extended. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

What does the Sport Premium mean for our School?

'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this' (DfE June 2013).

'Schools will also be required to include details of their provision of PE and sport on their website, alongside details of their broader curriculum, so that parents can compare sports provision between schools, both within and beyond the school day' (DfE June 2013)

The Government is providing funding of £150 million per annum for academic years 2013/14, 2014/15 and 2015/16 to improve provision of physical education (PE) and sport in primary schools. This funding will be allocated to primary school headteachers.

The sport funding can only be spent on sport and P.E. provision in schools. Ofsted will play a significant role in ensuring that schools target this funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the Primary Phase. All schools will receive a lump sum of £8,000 plus a premium of £5 per pupil for the three academic years.

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Key criteria to measure the effective use of this funding include:

- An increased participation in PE and sport.
- All children develop healthy lifestyles.
- All children reach the performance levels they are capable of.
- Development of opportunities for children to apply, rehearse and refine skills and knowledge acquired in a variety of PE/ sports contexts.
- Inclusion for all through diverse experiences which foster an ethos of fair-play and competition.
