

Film Clips used or recommended in E-Safety Presentation to Parents May 2018

1. General E-Safety

<https://www.internetmatters.org/advice/6-10/>

Introductory clip about e-safety

2. What the Internet is doing to our brains...

<https://www.youtube.com/watch?v=cKaWJ72x1rl>

The way the brain works and the impact that screen time has on our ability to think deeply...

3. Setting Parental Controls and Limits

<https://www.internetmatters.org/parental-controls-old/interactive-guide/>

Step by step guides to how to set parental controls on different devices (Apple/Android), how to enable parental controls on different platforms (Google, Youtube), how to set parental controls within your broadband provider (or limit individual devices' access to the internet)

4. Risks of Online Grooming

<https://www.internetmatters.org/issues/online-grooming/>

Introductory film from CEOP setting out issues with further link to information such as 'Kayleigh's Love Story'

5. Specific Content Advice

<https://www.youtube.com/watch?v=pWzhE8fUi7E>

How to keep your child safe on Roblox – being aware of the social media element and the in-app payments – being familiar with the parental control facilities which allow chat functions to be controlled and to only access under-13 games/content

<https://www.youtube.com/watch?v=34zHjMUHq6o>

Fortnite is one of the most popular games (think Minecraft + Hunger Games), it is not aimed at under 13s but many of our children are playing it. Watch this clip which explains what the game is about. You need to be aware children can play with friends or with strangers and so need to be aware of social media content. You need to enable 'party privacy' if they are on an X-Box so that they can only play with people they know. It is also highly addictive and needs limiting by parents.
