“Preparing, Sowing, Growing”

Our Christian Value for June is Compassion.

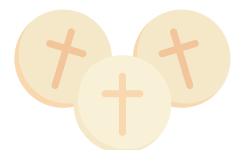

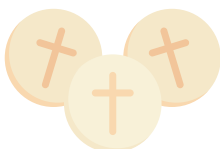

This means being kind, caring and thoughtful, treating others as we would like to be treated and being tolerant and sensitive. Our link Bible story is Jesus giving the Greatest Commandment.

(Mark 12: 28–34 New Testament)

Willow Class After Easter Experience

This week, it was Willow Class’s turn to take part in an ‘Experience’ afternoon, led by Rev. Lisa and Rev. Sam. The hall was thoughtfully set up to guide the children through a series of interactive ‘stations’, where they explored the events following Easter in the Bible. Throughout the year, each class has participated in a special experience afternoon to mark key moments in the religious calendar. In October, Acorns enjoyed ‘Experience Harvest’; at Christmas, Maple Class took part in ‘Experience Christmas’; and in March, Holly Class explored ‘Experience Easter’. Oak Class are now looking forward to their own experience afternoon, which will focus on preparing for the transition to secondary school.

A Member of Parliament visits Willow and Oak Class

This week, we were delighted to welcome Stuart Anderson, MP for South Shropshire, to Willow and Oak Classes. The children thoroughly enjoyed the opportunity to deepen their understanding of Parliament and how our government works, building on their recent learning in school. Mr Anderson spoke engagingly about his role as an MP, as well as his previous career in the armed forces, including his experiences serving in the Middle East. His visit provided a valuable and inspiring insight into public service, and opportunities like this help to raise children's aspirations by showing them the wide range of life choices and pathways available to them in the future.

Dress up or down for World Ocean's Day on Monday 8th June

On Monday our whole school will be marking 'World Ocean's Day.' World Oceans Day is celebrated annually on 8th June to raise global awareness about the crucial role oceans play in sustaining life and the urgent need to protect marine ecosystems.

Children can dress up as ocean creatures, wear ocean coloured clothes or dress down by simply wear their own clothes.

Our PTA have suggested a £1 donation for each child for the chance to wear their ocean or own clothes.

We need you for Careers Week!

We are delighted to be celebrating Careers Week in school and would love to invite parents and carers to come and talk to the children about your jobs. Hearing first-hand about the wide range of careers that exist is incredibly valuable in helping children to understand the possibilities open to them and to develop high aspirations for their futures. By sharing your experiences, skills and journey, you can inspire our children to work hard, dream big and begin to see how their learning in school connects to the world beyond the classroom.

If you are able to volunteer some time during the week beginning Monday 22nd June, we would be incredibly grateful for your support in enriching this important experience for our pupils. Please email or phone the office to book yourself in.

Thank you.

Thank you Ashleigh

We would like to thank Ashleigh Kidd (Pippa and Teddy's uncle) whose company AJK Electrical Ltd, for their kind donation of 12 bags of play sand for Nursery and Acorn's new outdoor sandpit. We have been working hard, sometimes at weekends, to prepare our amazing outside area for the children but budgets are stretched, so donations of resources we are in need of, are so appreciated.

Thank you Ashleigh for making a difference for our children.

Online Safety Newsletter

June 2026

Pinterest

You need to be at least 13 years old to use Pinterest.

Pinterest is a social media app, where users can share images and videos (called Pins). Users can browse through the images based on their stated interests, for example cooking. Users can then 'pin' (save) these images to their own boards to revisit.

There is content on Pinterest that is not suitable for young people to see. Also, did you know that there is a messaging element to it, so your child could be interacting with strangers? Therefore, if your child is using Pinterest, it is important to show your child how to use the blocking and reporting tools. You can find out more information, including how to set up parental controls here: <https://help.pinterest.com/en/article/resources-for-parents-and-caregivers-of-teens>

Online Scams

It is important to be aware that scammers can target your child whilst online through social media, messaging apps and games. These scams often look genuine, and children may not have the digital literacy skills to question their authenticity. This can happen across lots of platforms that your child is accessing, for example Roblox or TikTok. Scams can include:

- Offering in game currency.
- Befriending your child, which can then lead to requests for money or account details/personal information.
- Phishing links, with the intention of sharing malware or requesting account details/personal information.

What can I do?

It is important to have regular conversations with your child about what they are doing online and remind them to:

- Never share passwords or verification codes.
- Speak to you or another trusted adult if they are unsure about anything.
- Ensure appropriate parental controls and privacy settings are in place.
- Talk to your child about the different scams that can appear online and remind your child to check links before clicking on them.
- Remind your child that if they do think that they have been scammed, then to tell you straightaway.

Digital Footprints

When we go online, we create a digital footprint, which is a record of what we do online. This can be by visiting websites, sharing photos, liking or commenting on other people's posts or playing games. It is important that children are aware of the digital footprint that they are creating and the lasting effect it can have. Childline provides further information about digital footprints, including advice on how to protect our privacy online:

Risks of Auto saving

Storybooks and games from the BookTrust

Does your child use the likes of WhatsApp, which may automatically download any image/video that is sent to them to their phone's own camera roll? We would advise switching this feature off.

Children may receive lots of photos/videos, particularly within group chats, that they have not requested. If auto download is allowed, then your child does not have control over what is being saved to their camera roll. Potentially, it may also be content that you would not want your child to have saved. Additionally, from a safeguarding perspective, if everything is automatically downloaded to your child's camera roll, it can become difficult to ascertain the source of the image.

How can I disable this feature?

If your child is using a platform that allows this, then there is usually an option to disable this feature, so your child has control over the images saved to their device. The option to disable will be within the settings of the App, here is how to do this on WhatsApp:

- In WhatsApp, go to settings (click on 'You' in the bottom right).
- Click on 'Chats'.
- Toggle 'Save to Photos' to off.

"Retro – Photos with Friends" App

This is a photo sharing app, and it is rated as 13+ by the App store. The aim of the app is users share their photos with close friends only, like a photo journal. Whilst it is marketed as a safer alternative to other social media apps, you do need to be aware of the following:

- Privacy and data access.
- It does include group chats so there is still the potential for cyberbullying and peer pressure.
- Users may feel safer sharing images as it is with close friends, but content can still be shared with others (through screenshots).

If your child is using this app, make sure you check that privacy settings are set up appropriately.

Users of this guide do so at their own discretion. No liability is entered into. Current as of the date released 01.06.26. Emoji Meanings

Did you know that some children and young people may be using emojis to mean something completely different? For example, a cap emoji may be used to represent a lie. It is important that you are aware of how emojis can be used and keep up to date with the way in which they can be used as their meanings are changeable. You can find out further information here: <https://www.bark.us/blog/emoji-slang-guide/>

Omgogle

Omgogle is an online platform that is for adults only. However, you can simply lie and say you are over 18 to access it. The platform joins two strangers together and uses AI to rate their appearances in a "mog battle."

As you are paired up with a stranger and can see and hear them, there are serious safeguarding concerns and young people should not be accessing this site. Find out more here: <https://www.waymedenner.com/omoggle-parent-guide/>
